Other	3%	4%

Savanta ComRes Holyrood List Voting Intention

	17 December	14 January
SNP	42%	44%
Conservative	20%	18%
Labour	17%	16%
Green	12%	11%
Liberal Democrat	7%	8%
Other	3%	3%

Methodology: Savanta ComRes interviewed 1,016 Scottish adults online from the 8 to 13 January 2021. Data were weighted to be demographically representative of all Scottish adults by age, sex, region and past voting behaviour. Savanta ComRes is a member of the British Polling Council and abides by its rules. Full tables at www.comresglobal.com

Q10/Q11/Q12. Thinking about each of the following characteristics, do you, or do you not, think they apply to ...? - Summary table	289
BASE: All respondents	
Q13_new. Since mainland Scotland went into lockdown (Tier 4) restrictions on Boxing Day, with a message to "stay at home", some have called for the upcoming election to the Scottish Parliament, due to be held on May 6th, to be postponed until later in the year, or even into 2022. Which of the following is closest to your view?	291

Page: vi
Table of Contents

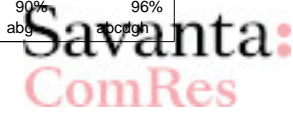

Q14_new. If the upcoming Scottish Parliamentary election were to be postponed, which of the following would be your preference?	294
Q15. Summary: Thinking about how each of the following parties have responded to the Coronavirus pandemic in Scotland, to what extent has it made you more or less likely to vote for them in the upcoming Scottish Parliamentary election?	297
Q15_1. Scottish Conservatives: Thinking about how each of the following parties have responded to the Coronavirus pandemic in Scotland, to what extent has it made you more or less likely to vote for them in the upcoming Scottish Parliamentary election?	298
Q15_2. Scottish Labour: Thinking about how each of the following parties have responded to the Coronavirus pandemic in Scotland, to what extent has it made you more or less likely to vote for them in the upcoming Scottish Parliamentary election?	301
Q15_3. Scottish Liberal Democrats: Thinking about how each of the following parties have responded to the Coronavirus pandemic in Scotland, to what extent has it made you more or less likely to vote for them in the upcoming Scottish Parliamentary election?	304
Q15_4. Scottish National Party (SNP): Thinking about how each of the following parties have responded to the Coronavirus pandemic in Scotland, to what extent has it made you more or less likely to vote for them in the upcoming Scottish Parliamentary election?	307
Q16. And thinking specifically about the First Minister, Nicola Sturgeon, and how she has managed the Coronavirus pandemic, to what extent would you say you have a better or worse opinion of her now than you had before the pandemic began?	310
Q17. Under the latest Coronavirus restrictions in Scotland, schools are closed to the majority of pupils until February 1st, with a review on that policy likely to be held in mid-January. Pupils will engage in online learning until schools reopen. To what extent do you support or oppose the decision to close schools until February 1st?	313
Q18. To what extent would you say that the Scottish Government have or have not provided enough support to parents impacted by the decision to close schools throughout January?	316
Q19. Now a Covid-19 vaccine has been approved by the UK regulator, how keen or reluctant are you to receive the vaccine?	319
Q20. Due to the urgency of the COVID-19 pandemic, developing the COVID-19 vaccine has been a priority for the healthcare sector. Despite still passing through all the regular checks and approvals, including from the UK's vaccine regulatory body, it has been developed and will be distributed faster than a traditional vaccine. To what extent are you comfortable or uncomfortable with the COVID-19 vaccine having been developed, checked and distributed at a faster pace than normal?	322
Q21. Summary: To what extent do you support or oppose each of the following?	325
Q21_1. Making it illegal for adults to not have the Covid-19 vaccine: To what extent do you support or oppose each of the following?	326
Q21_2. A "vaccine passport" allowing access to pubs and restaurants only for those who have been vaccinated: To what extent do you support or oppose each of the following?	329
Q21_3. Pubs and restaurants refusing entry to those who cannot prove they have been vaccinated: To what extent do you support or oppose each of the following?	332
Q21_4. The UK requiring proof of vaccination before admitting people into the country on holidays: To what extent do you support or oppose each of the following?	335
Q21_5. Other countries requiring proof of vaccination before admitting UK nationals into their country on holiday: To what extent do you support or oppose each of the following?	338
Q22. All four UK nations, including Scotland, will now leave up to 12 weeks between the first and second doses of the Coronavirus vaccine, rather than giving both within 21 days as was originally planned. Some have expressed concerns at the delay between the two doses, with some concerns over the effectiveness of the second dose of one of the UK's two approved vaccines after that period of time, as well as uncertainty regarding vaccine supply levels after a 12-week window. However, the UK's chief medical officers say that the first dose of the vaccine is the most important for protection against Coronavirus, and it is more important to vaccinate more people with one dose, than fewer people with both. To what extent does or does not the decision to delay the second dose of the vaccine from 21 days to 12 weeks concern you?	341

Q17. Under the latest Coronavirus restrictions in Scotland, schools are closed to the majority of pupils until February 1st, with a review on that policy likely to be held in mid-January. Pupils will engage in online learning until schools reopen. To what extent do you support or oppose the decision to close schools until February 1st?

Q20. Due to the urgency of the COVID-19 pandemic, developing the COVID-19 vaccine has been a priority for the healthcare sector. Despite still passing through all the regular checks and approvals, including from the UK's vaccine regulatory body, it has been developed and will be distributed faster than a traditional vaccine. To what extent are you comfortable or uncomfortable with the COVID-19 vaccine having been developed, checked and distributed at a faster pace than normal?

Q22. All four UK nations, including Scotland, will now leave up to 12 weeks between the first and second doses of the Coronavirus vaccine, rather than giving both within 21 days as was originally planned. Some have expressed concerns at the delay between the two doses, with some concerns over the effectiveness of the second dose of one of the UK's two approved vaccines after that period of time, as well as uncertainty regarding vaccine supply levels after a 12-week window. However, the UK's chief medical officers say that the first dose of the vaccine is the most important for protection against Coronavirus, and it is more important to vaccinate more people with one dose, than fewer people with both. To what extent does or does not the decision to delay the second dose of the vaccine from 21 days to 12 weeks concern you?
